1. Product overview

Organiser bags are durable storage bags designed to store and transport chargers, cables and accessories safely, for example electric vehicle charging equipment. They keep your equipment protected, tidy and easy to find.

This manual applies to all organiser bag models, sizes and colours. The dimensions, weight, material and compartment layout of your model are given on the product label and in the product datasheet. Some features described below may not be available on every model.

Features

- **Durable fabric:** Protects the contents from dust, dirt and wear.
- **Organised storage:** Keeps the charger, cables and accessories in one place.
- **Anti-slip hook strips:** Grip the vehicle boot carpet to stop the bag from sliding.
- **Lightweight design:** Easy to carry and store.

2. Usage, maintenance and care

Usage

- **Before first use:** Remove the packaging and check that the zips work properly.
- **Packing:** Coil cables loosely, without sharp bends or kinks. Do not force the zip closed.
- **Hot or wet equipment:** Let the charger and cables cool down and dry before packing them.
- **In the vehicle:** Place the bag on the boot floor with the hook strips facing down. Do not place heavy items on top of the bag.
- **Load:** Use the bag only for the equipment it is designed for. Do not overload it.

Operating and storage conditions

Parameter	Value
Operating temperature	–20 to +60 °C
Storage temperature	–30 to +60 °C
Storage conditions	Store dry in a well-ventilated place
Sunlight	Avoid prolonged exposure to direct sunlight
Heat sources	Keep away from open flame and heat sources

Care instructions

Care step	Instruction
Cleaning	Wipe with a damp cloth or soft brush
Washing	Hand wash only, max 30 °C
Detergent	Use a mild detergent
Bleaching	Do not bleach
Drying	Air dry; do not tumble dry
Ironing	Do not iron

- **Storage:** Empty and dry the bag before storing it. Never store it damp, as this can cause odour and mould.
- **Hook strips:** Remove lint and dirt from the hook strips with a stiff brush to keep their grip.
- **Inspection:** Check seams, zips and hook strips regularly for wear. Keep the bag away from open flame: synthetic fabric can melt.
