1. Product overview

Tactical glasses are lightweight protective eyewear for tactical tasks, shooting practice, outdoor activities and sports. Depending on the model, they come with interchangeable lenses for different light conditions and a mount for prescription inserts.

This manual applies to all tactical glasses models and colours. The lens types, protection standard, dimensions, weight and package contents of your model are given on the product label and in the product datasheet. Some features described below may not be available on every model.

Features

- **Polycarbonate lenses:** Lightweight, shock-resistant lenses.
- **Interchangeable lenses:** Lenses for different light conditions, for example dark, yellow and clear.
- **Prescription insert mount:** Lets you fit prescription inserts made by an optician.
- **Ergonomic design:** Provides a comfortable and secure fit during movement.

2. Usage, maintenance and care

Usage

- **Before first use:** Remove any protective film from the lenses and check the frame and lenses for damage.
- **Changing lenses:** Detach the lens carefully and fit the new one until it is securely seated. Hold lenses by their edges.
- **Choosing lenses:** Dark for bright sun, yellow for low light or haze, clear for night or indoor use.
- **Prescription insert:** Have an optician fit your prescription lenses into the insert, then attach it to the frame.
- **Safety:** Use only within the protection level stated for your model. Do not use dark lenses at night. Replace damaged lenses.

Operating and storage conditions

Parameter	Value
Operating temperature	–20 to +60 °C
Storage temperature	–30 to +60 °C
Storage conditions	Store dry in a well-ventilated place
Sunlight	Avoid prolonged exposure to direct sunlight
Heat sources	Keep away from open flame and heat sources

Care instructions

Care step	Instruction
Rinsing	Rinse the lenses with clean water before wiping
Cleaning	Lukewarm water and mild soap
Wiping	Use a soft microfibre cloth only
Chemicals	Do not use solvents, alcohol or ammonia
Drying	Air dry or pat dry with a microfibre cloth
Lens contact	Do not place the glasses lens-down

- **Storage:** Store the glasses and spare lenses in a case or soft pouch to protect them from scratches.
- **Inspection:** Check the lenses and frame regularly for scratches, cracks and wear. Do not leave the glasses near open flame or heat sources.
