1. Product overview

The Fastdry Towel is a soft, lightweight and quick-drying towel designed for comfort and practicality. It is suitable for travel, camping, gym sessions and relaxation by the shore.

This manual applies to all Fastdry Towel sizes and colours. The size, weight and material composition of your model are given on the product label and in the product datasheet.

Features

- **Quick-drying:** Dries significantly faster than a standard cotton towel; ideal for outdoor and active use.
- **Lightweight and compact:** Folds easily and takes minimal space in a bag.
- **Versatile use:** Suitable for the beach, pool, gym and any outdoor activities.

2. Usage, maintenance and care

Usage

- **Before first use:** Wash the towel to remove any production residue.
- **Drying the body:** Blot the skin gently rather than rubbing for the best absorption.
- **After use:** Shake out sand and debris, then hang the towel to dry in a ventilated place.
- **Packing:** Fold or roll the towel only when it is completely dry.

Operating and storage conditions

Parameter	Value
Operating temperature	-20 to +60 °C
Storage temperature	-30 to +60 °C
Storage conditions	Store dry in a well-ventilated place
Sunlight	Avoid prolonged exposure to direct sunlight
Heat sources	Keep away from open flame and heat sources

Care instructions

Care step	Instruction
Washing	Machine wash, max 40 °C, with similar colours
Detergent	Use a mild detergent
Fabric softener	Do not use; it reduces absorbency
Bleaching	Do not bleach
Drying	Air dry, or tumble dry at low temperature
Ironing	Do not iron

- **Storage:** Never store the towel wet or damp, as this can cause odour and mould.
- **Inspection:** Check the towel regularly for wear. Do not use it near open flame: synthetic fabric can melt.
