1. Product overview

Tactical backpacks are durable, functional backpacks designed for hiking, outdoor activities, travel and everyday use. They combine a robust technical fabric, practical compartment layout and an attachment system for additional equipment.

This manual applies to all tactical backpack models, capacities and colours. The capacity, dimensions, weight, material and feature set of your model are given on the product label and in the product datasheet. Some features described below may not be available on every model.

Features

- **Durable fabric:** Abrasion-resistant technical fabric for demanding outdoor use.
- **MOLLE attachment system:** Lets you attach compatible pouches and accessories to the backpack.
- **Adjustable volume:** Compression straps stabilise the load and reduce the volume when the backpack is not full.
- **Ergonomic back panel:** Padded back panel and shoulder straps for comfortable carrying.

2. Usage, maintenance and care

Usage

- **Before first use:** Remove the packaging and check that all zips, buckles and straps work properly.
- **Fitting:** Adjust the shoulder straps so the backpack sits close to your back.
- **Packing:** Pack heavy items close to your back; tighten the compression straps to secure the load.
- **Attaching accessories:** Weave the pouch strap alternately through the MOLLE slots and the pouch webbing, then secure the strap end.
- **Hydration system:** If fitted, route the reservoir tube through the hydration port.
- **Load:** Do not overload the backpack or force zips closed. Keep sharp objects away from the fabric.

Operating and storage conditions

Parameter	Value
Operating temperature	-20 to +60 °C
Storage temperature	-30 to +60 °C
Storage conditions	Store dry in a well-ventilated place
Sunlight	Avoid prolonged exposure to direct sunlight
Heat sources	Keep away from open flame and heat sources

Care instructions

Care step	Instruction
Cleaning	Spot clean with a damp cloth or soft brush
Washing	Hand wash only, max 30 °C
Detergent	Use a mild detergent
Bleaching	Do not bleach
Drying	Air dry; do not tumble dry
Ironing	Do not iron

- **Storage:** Empty the backpack before cleaning. Never store it wet or damp, as this can cause odour and mould.
- **Inspection:** Check seams, straps, buckles and zips regularly; keep zips free of sand and dirt. Do not use the backpack near open flame: synthetic fabric can melt.
